

# CHSD: Community Health Needs Assessments & Implementation Plans

MORH/AHEC- March 6, 2017

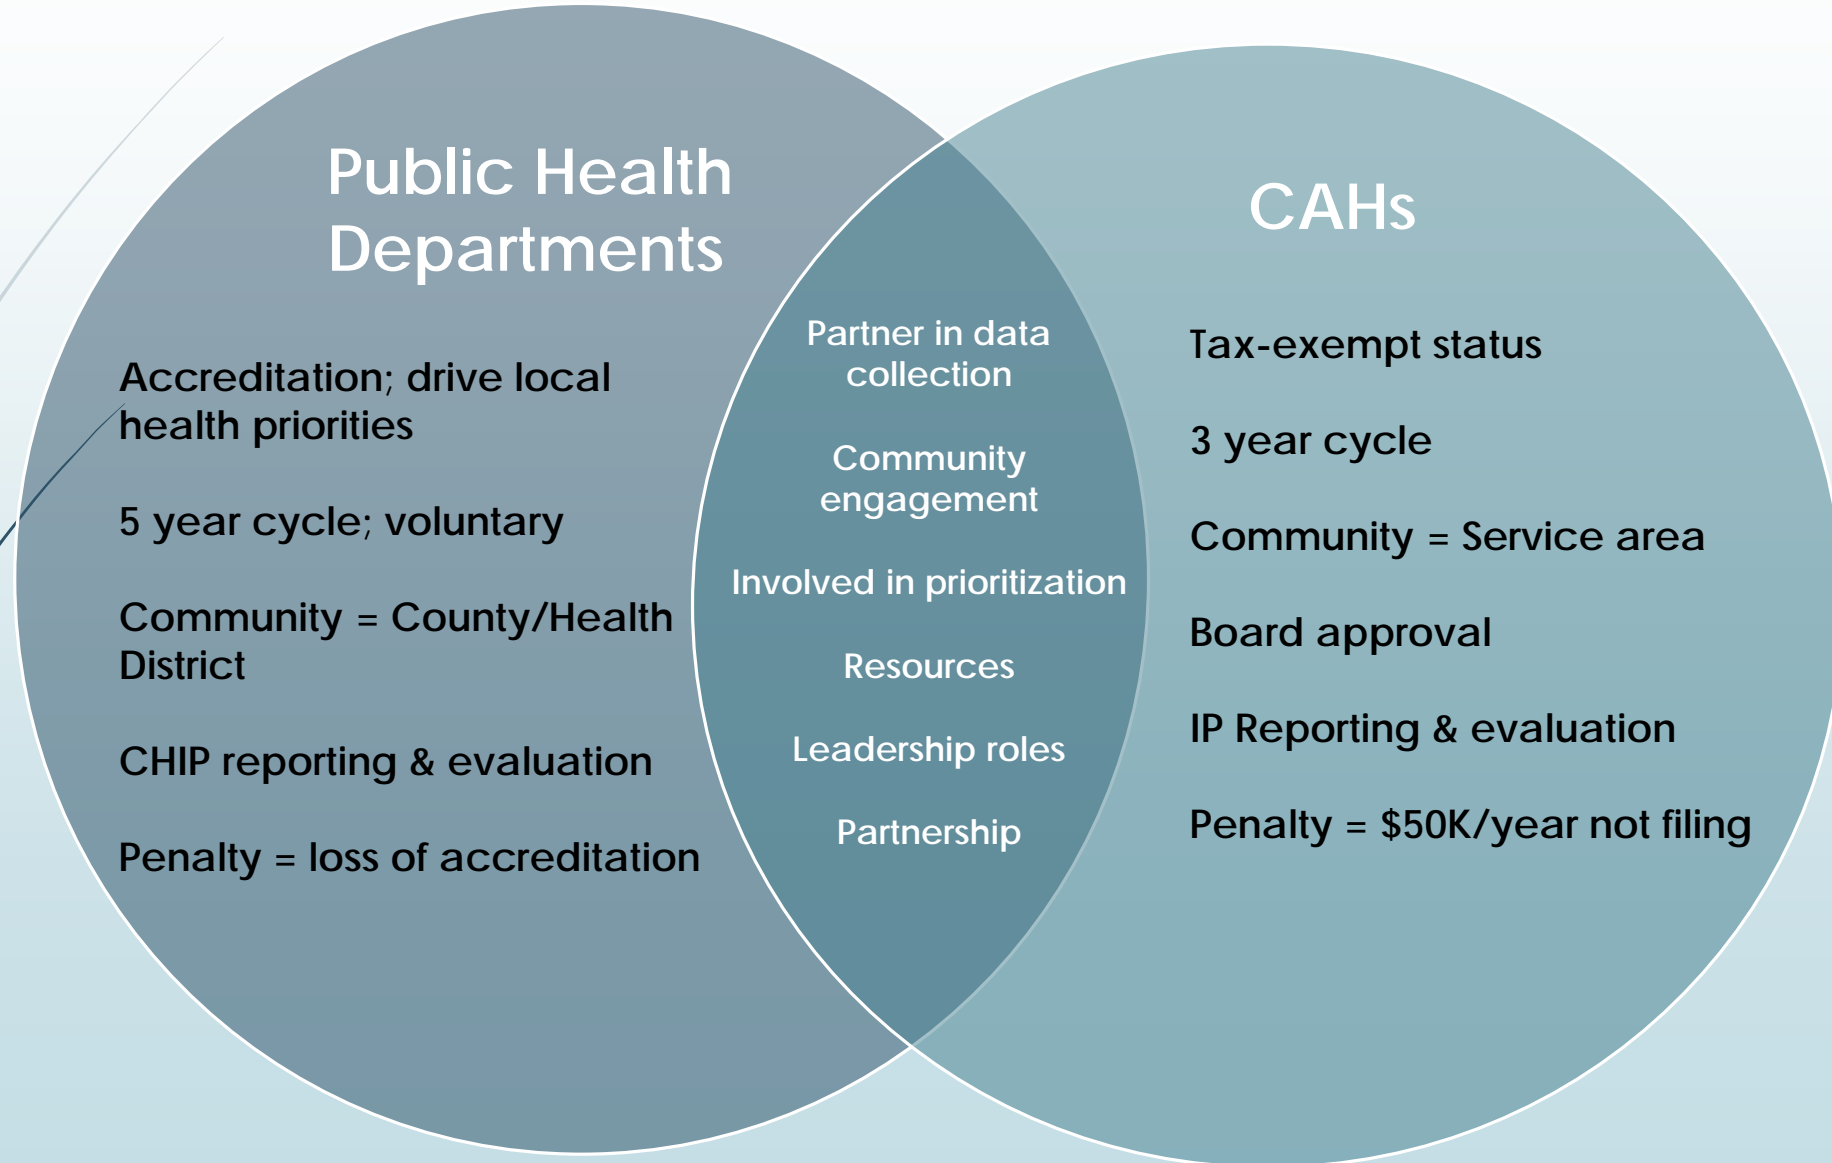

# CHNAs- How Hospitals Benefit (other than fulfilling IRS reporting requirement)

- ▶ Determine population health status
- ▶ Determine public perception of health services and priorities
- ▶ Marketing
- ▶ Service line development (workforce planning!)
- ▶ Resource allocation
- ▶ Strategic planning
- ▶ Community engagement
- ▶ Community health planning
- ▶ Increase community awareness
- ▶ Building partnerships with other health resources
- ▶ Community level data: perception of facility and community health needs, community expectations

# Opportunities for Collaboration

# Value of Hospital and Health Department Collaborations

- ▶ Share costs and resources
- ▶ Maximize resources
- ▶ Increased credibility in the community
- ▶ Brings more stakeholders together and more buy-in
- ▶ Extends population/demographic reach

# Common Priority Areas

Un/under-insurance  
Access to medical care  
Access to behavioral health care  
Access to dental care  
Quality improvement  
Workforce development

Glendive Medical Center and  
Dawson County Health Department  
Community Health Services Development  
(CHSD)

# 2016 CHSD by the Numbers (preliminary)

Full CHSD process: 14

CHNA only: 2

IP only: 2

Top health concerns identified

- Alcohol/substance abuse (61%)
- Cancer (40%)
- Overweight/obesity (32%)

Common IP Goals

- Health/wellness & outreach/education (92%)
- Access to healthcare services (83%)
- Behavioral & mental health services (67%)

## MORH – What's next

- ▶ Continue CHSD work
- ▶ Create a interactive website sharing top needs and strategies taken on by Montana CAHs
- ▶ Create web-based learning communities, sharing best practices and evidence based strategies to address population health needs
- ▶ Continue to develop data analysis capacity
  - ▶ Focus group data
