The Center’s Purpose

The National Rural Health Resource Center (The Center) is a nonprofit organization dedicated to sustaining and improving health care in rural communities. As the nation’s leading technical assistance and knowledge center in rural health, The Center focuses on five core areas:

• Performance Improvement
• Health Information Technology
• Recruitment & Retention
• Community Health Assessments
• Networking
Midwest Retention Toolkit

Created by:

• National Rural Health Resource Center
• National Rural Recruitment and Retention Network (3RNet)

Under Contracts with:

• Indiana State Department of Health
• Minnesota Department of Health, Office of Rural Health and Primary Care
• Wisconsin Department of Health Services, Primary Care Office
In 2011, NHSC expanded scholarships and loan repayment programs to 10,000 providers.

NHSC supports primary care and psychiatric physicians, physician assistants, advanced practice nurses, mental health providers, dentists and dental hygienists.

Funding provided 36 state Primary Care Organizations to support and track retention of NHSC providers.
Health Provider Retention Toolkit

• Retention Issues
• Retention Plan
• Retention Elements
  o Orientation
  o Practice Feedback and Satisfaction Surveys
  o Recognition Activities
  o Mentor Programs
  o Other Retention Tools
• Resources
Retention Toolkit Samples

• Worksheets
• Surveys
• Timelines
• Checklists
• Presentations
• Interviews
Retention Challenges

- Lack of individual clinic staff responsibility for retention
- Limited salary and benefit resources
- Retaining providers after completion of their loan repayment obligation
- Limited partner/spouse employment opportunities
Retention Solutions

- Affiliations with local universities to offer continuing education and professional networking
- Creating retention committees
- Conducting satisfaction surveys
- Developing provider recognition efforts, include a “Provider of the Year” award selected by peers
• 123 health care providers surveyed; 48% response
• 30% mental health, 26% advanced practice nurses, 16% dentists, 12% physicians, 9% physician assistants
• 52% rural and 48% urban
• 55% in practice two-three years and 38% four+ years
• Majority planned to stay in the practice following obligation; 26% not sure they would stay
Health Care Provider Survey

Most Important Factors

• Professional relationships with partners and colleagues
• Workload/call schedule
• Compensation/benefits
• Community/lifestyle
Non-Financial Retention Factors

- Recognition activities
- Community integration
- Participation in clinic/hospital decision making
- Less than 30% of the sites offered these activities
Top 10 Retention Factors

Literature Review

• Availability of relief coverage
• Quality of schools
• Compatibility with others in health care
• Availability of quality housing
• Availability of practice partners and specialists
Top 10 Retention Factors

Literature Review

- Income potential
- Employment for spouse/partner
- Assistance with retiring education loans
- Availability of continuing education
- Opportunity to be a preceptor
Retention Plan Components

- Goals, timeline and person accountable
- Committee or those part of the plan
- Resources (materials, community and health care contacts and budget)
- Elements of retention
- Evaluation (outcome measures)
Orientation

• Welcome and orient the new provider and spouse/partner to the health care community and the broader community
• Arrange opportunities for the provider to “check-in”
• Match a mentor or “buddy” to the provider for the first year
• Address concerns or issues
• Recognize the provider for service
• Satisfy compensation, benefits and education needs as appropriate
Provider Feedback and Satisfaction Surveys

• Build communication
• Assess potential retention issues
  o Understanding of organization mission
  o Benefits and compensation
  o Workload
  o Technology
• Conduct annually by a neutral party
• Confidential
• Address issues identified from the survey
Recognition Events

- Years of service
- Practice research, presentations and publications
- Community or hospital service
- Teaching and precepting students
- Achieving Meaningful Use
- Specialty certification
- Patient satisfaction survey results
Mentor Program for New Providers

• Monthly lunch or breakfast with a staff member or colleague
• Discuss retention factors
• Obtain feedback and follow-up on issues
• Use same process with spouse/partner
• Discuss acceptance, quality of work environment, community integration
Other Retention Tools

• Exit interviews
  o Determine reasons for leaving
  o Gain perspective on the practice and community
• Financial retention samples
National and State Resources

• Initial recruitment
• Clinical and management support
• Academic linkages
• Professional development and continuing education
• Family ties and support
• Teaching/supervision opportunities
