Universal Newborn Home Visiting and Cradle to Career

Brie Oliver – boliver@lccountymt.gov

Emily Flemming – eflemming@safmt.org

Carrie Krepps – carriek@florencecrittenton.org

Universal Newborn Home Visiting and Cradle to Career Issues/Next Steps:

- Groundwork has already been laid in effort to offer this service
 - Hospital aware and supportive
 - Agreed to use online referral system
 - Documentation plan created
 - Current plan: PH will make phone call to all newborn families and do general needs assessment. Waiting on hospital policy changes to start this
- Capacity (staff) to call is in place, but need money to provide face to face visit
- Need to work with Medicaid to learn how to bill for ACA covered services and more language in policy to allow for billing for breastfeeding services. Possible United Way accelerator campaign.
- Implementation of service, creation of evaluation plan, possible evaluation plan – hospital readmission – rates, completed referrals
- **Next Steps:** Check on PKY program in Livingston (including funding) – Brie talk to Aaron regarding Medicaid/Lactation reimbursement

Referral to Services

Blair Lund – blund@mt.gov

Referral to Services Next Steps:

- Mostly had interest from other organizations interested in adopting Blair’s forms
- Also had input from MT Legal Services Association Rep on other questions that could be used regarding housing and medication safety

Sara Savage – ssavage@hrdc9.org

Jeff McDowell – js.mcdowell@yahoo.com

Tracy Menuet – tmenuet@hrdc9.org

Sarah Fitzgerald – sarahf@mtcdc.org

Affordable Housing Next Steps:

- Plug into existing super-utilizer conversation and efforts
- Focus on Missoula area first
- Approach hospitals/insurers with potential housing organizations to be part of value-based/non-clinical health solutions
- Meet with housing organizations and do joint meeting with people already working on
- Approach hospitals/insurers through larger frame of “housing” not just “manufactured housing”
- Identify costs – need for data to allow us to work better/more efficiently. Not so you (hospital/insurer) can pay us for this work.
